

THE FULL MOON, TIME OF RELEASE

AUGUST 31, 2012 9:58 AM EDT

08 PISCES 34 MINUTES

HOW:

THE SIGN PISCES: *Here is where total commitment must be made to proceed with what, until now, has been only a vision, but, what could eventually become a reality. In Pisces, you are encouraged to walk into the unknown even though there is no proof that what you seek could, or ever will, exist. The experiences met in the house of Pisces are often considered to be “karmic” in the sense that you are confronted with your past. The power of positive thinking, psychic abilities, unselfish love, and a willingness to help when help is needed, even if personal sacrifices must sometimes be made. Idealistic, spiritual, sensitive, giving, compassionate are all attributes of the sign. Escapism, fearful, and unrealistic tendencies should be avoided. Faith should not be confused with escapism.*

THE SABIAN SYMBOL: A JOCKEY.

This is a symbol of the eagerness for life an individual must show in any true revelation of himself, and of the concern he must have for the struggles and competitions of everyday experience. It is only through thoroughly consistent performance of his skills and talents that man establishes himself among his fellows, and as this develops in excellence he is under increasing obligation to be successful in exhibiting them. Implicit in the symbolism are very harsh penalties for any failure to drive the capabilities of self to the limit. The keyword is PRACTICE. When positive, the degree is a spectacular gift for rising to any occasion, and when negative, witless gambling of every resource and potentiality.

THE DECANATE: PISCES

THE DWAD: GEMINI

With this sign, curiosity is developed, which opens the door to learning, versatility, and choice. The experiences ruled by the Gemini house in your chart require the greatest flexibility. This sign thrives on change, because variety offers food for thought, which develops objective thinking patterns. Curiosity is aroused, which motivates you to seek out new experiences having educational value. The power to communicate ideas and deal with a variety of things. Nothing escapes the attention of Gemini. The gathering of information that facilitates our day to day activities. Versatility and adaptability are needed now. Learn and make new connections.

RULERS: JUPITER\NEPTUNE\MERCURY:

At the time of this Full Moon, Neptune is in Pisces conjunct Chiron and the Moon. Chiron is known as the wounded healer. We are given the tools to heal our own wounds. This Full Moon will bring up the issues that need to be addressed. This could be a turning point and a time of miracles. All boundaries are dissolved allowing you to go further than you ever thought possible.

Jupiter also rules Pisces and it is in the sign Gemini. Jupiter takes 12 years to circle the Zodiac. It spends one year in each sign. Jupiter brings confidence and expansion. Gemini is all about communication and language skills. You’re invited to improve those skills. Let go of thinking too much and allow your intuition to guide you. It is time to shut off the chatter in your head and create the space for new information to come through. Mercury is in Leo square to the nodal axis. It is time to listen. You can learn now by osmosis. Just open yourself to life. Be willing! Perform a miracle; help someone that needs your assistance.
