

THE FULL MOON TIME TO RELEASE

SEPTEMBER 29, 2012 11:18 PM EDT

07 DEGREES ARIES 22 MINUTES

HOW:

THE SIGN ARIES: *The sign of the pioneer and new beginnings. Springtime. Fire signs are goal oriented and concerned with future opportunities. They are often described as inspirational, and fire signs, more than all others, show where you need goals. Aries never forgets the fact that they were born to lead the way. Born directors and organizers. This sign represents the need to become a more well defined individual. The house Aries is on in your chart shows where instinctual activity, freely operating, gives you the opportunity to become more conscious to add to your development as a separate entity. This sign rules the head.*

THE SABIAN SYMBOL: A LARGE HAT WITH STREAMERS FLYING, FACING EAST.

This is a symbol of naïve creativity, or the fundamentally phallic stirrings of man as these keep him forever responsive for better or worse to the general potentialities of an everyday being, and as they also enable him to realize and utilize the ever emerging novelties and variations of human relationships. Implicit here is an unconditioned and complete co-operation with every immediate trend of events, whether consciously or otherwise. The keyword is EXCITATION. When positive, the degree is continual self-orientation to the nascent potentialities of all life and experience, and when negative, a tendency to idle posing or an empty pretense of good will and interest. “Sabian Symbols” Marc Edmund Jones.

RULERS:

MARS/MARS/MERCURY

The Planet Uranus has been in Aries for about a year and a half waking us up. It has been encouraging us to begin new things. We need to move on from what has limited us in the past. Whatever is in your way get over it! This Full Moon in Aries is conjunct Uranus. It is also square to Pluto in Capricorn. This is a giant challenge to find a new arena to work in. It is time to build something new. Mercury is in Libra with the Sun and Saturn. There is a need to communicate with the right people that will recognize what you have to offer. It is time to be proactive. You have had the last couple of years to work on this. You may have something underway. If not, this is an ultimatum. It is time for you to bring something new to your relationships. If you have been tolerating a difficult situation for some time it may be brought to a head at this Full Moon. You cannot hold on to something that you have grown out of. Saturn is at the end of Libra. It will move into Scorpio in a few days. Relationships should be mastered and counted on. You just need to step up and offer something new. Do you have cooperative and balanced relationships? If not, you need to work on them.
