

THE FULL MOON TIME TO RELEASE

FEBRUARY 07, 2012 4:54 PM EST 18 DEGREES LEO 32 MINUTES

HOW:

THE SIGN LEO:

This is the sign of integrity, recognition, romance, affection, creativity, and play. When this sign is emphasized, we show kindness and generosity to others. We fall in love, and put our hearts into whatever we are doing. It is a time for ambition, independence, and leadership. People may refuse to recognize their limitations under this influence. This sign can be known for its overly dramatic behavior. It rules the heart and the upper spine.

THE SABIAN SYMBOL: A HOUSEBOAT PARTY.

This is a symbol of creative relaxation as a prelude to effective effort, and of man's normal capacity for achievement through an everyday rehearsal of co-operative relationships with his fellows. There is here a scaling off of some pleasant pocket of life for an intensified culture of the skills and inspiration which can implement as contribution to the world at large. Any dull routine of existence may be exalted as a common adventure in self-expenditure. The keyword is CONGENIALITY. When positive, the degree is a gracious eagerness of participation in the more worthwhile or enduring aspects of human affairs, and when negative, thoughtless self-indulgence and contempt for the general welfare.

THE DECANATE:

SAGITTARIUS

Sagittarius is the ninth sign of the zodiac. It is a fire sign, and it is mutable. It is said that experience breeds wisdom. This truth will be confirmed through the activities available in your Sagittarius house. Remaining open to new experiences cultivates ethical principles, along with a philosophical and open-minded outlook. An understanding of cultural differences at multi-levels is also important here. Sagittarius shows where you come to understand that you not only exist within the world, but that world can exist within you. While water signs show where you tend to live in the past, the houses ruled by the fire signs describe where you live for the future. You need to know that there is always something to look forward to. This month, the emphasis is to look toward the future, be optimistic and open. Understand people and situations that are different from you. Expand, but know your limits. The key phrase, "I UNDERSTAND", certainly describes the true essence of Sagittarius.

THE DWAD:

PISCES

Here is where total commitment must be made to proceed with what, until now, has been only a vision, but, what could eventually become a reality. In Pisces, you are encouraged to walk into the unknown even though there is no proof that what you seek could, or ever will, exist. The experiences met in the house of Pisces are often considered to be "karmic" in the sense that you are confronted with your past. The power of positive thinking, psychic abilities, unselfish love, and a willingness to help when help is needed, even if personal sacrifices must sometimes be made. Idealistic, spiritual, sensitive, giving, compassionate are all attributes of the sign. Escapism, fearful, and unrealistic tendencies should be avoided. Faith should not be confused with escapism.

RULERS:

SUN/JUPITER/NEPTUNE

The sign Leo is our ability to express ourselves from our heart in a creative way. Uninhibited self expression is what is promised in the Leo house in your chart. That is easier said than done. Most of us have inhibitions that block that expression of love and creativity. It is time that you found your audience. This Full Moon in Leo is focusing positive energy into that arena. It is time to come from our hearts. The Sun is in Aquarius giving us the freedom to connect with others. It is time to find a group of like mind. Jupiter is in Taurus supporting the building of something tangible with others. Neptune is in its own sign for the next 14 years. Pisces gives us an unlimited playground to be creative. Your imagination and creative energy has complete support. It is time to be all that you can be. Venus is in the last degree of Pisces and Saturn is in the last degree of Libra challenging cooperation. Mars is retrograde in Virgo. There is work to be done. Get out of your own way.
